

Panuganti Bharath

Electronics and Communication Engineering Student — Java — SQL

Hyderabad, India — Phone: 7396581130

Email: panugantibharath1101@gmail.com

LinkedIn: <https://www.linkedin.com/in/bharath-panuganti>

Professional Summary

Motivated and technically skilled Electronics and Communication Engineering student with strong analytical and problem - solving abilities. Passionate about software development and real-time applications. Proficient in Core Java, SQL, HTML, CSS, MATLAB, Verilog, VHDL, and Cisco Networking. Quick learner with excellent communication skills and the ability to adapt to new technologies.

Education

Bachelor of Technology (Electronics and Communication Engineering)

Sri Indu College of Engineering and Technology, Hyderabad

2022 – Present

CGPA: 8.0

Projects

Smart Traffic Simulation Using Computer Vision

Technologies Used: Python, OpenCV, TensorFlow

- Developed an AI-based smart traffic signal control system.
- Used CCTV traffic video datasets to detect vehicles.
- Simulated intelligent traffic signal management using Computer Vision.
- Improved traffic flow using real-time vehicle detection.

Obstacle Avoiding Robot

Technologies Used: Embedded C, Arduino, Ultrasonic Sensors

- Designed and developed an obstacle avoiding robot using Arduino.
- Implemented obstacle detection using ultrasonic sensors.
- Controlled robot movement using Embedded C programming.
- Integrated servo motors for navigation.

Technical Skills

- | | |
|--|--|
| • Programming: Core Java, SQL | • Machine Learning: TensorFlow (Basics) |
| • Web Tech: HTML, CSS, JS | • Networking: Cisco Networking, IP Networking, TCP/IP |
| • Programming Languages: Advance Java | • Software: MATLAB |
| • Frameworks: Spring/springboot | • Embedded Systems: Arduino, Embedded C |

Soft Skills

- Communication Skills
- Problem Solving
- Analytical Thinking
- Teamwork
- Quick Learning

Languages

- English
- Hindi
